Right to work: UK Student visa. MSc completes March 2027 — available full-time from April 2027. Open to relocating UK-wide.

PROFILE

Marketer with campaign ownership experience at a national smartphone brand, now completing an MSc in Marketing at Strathclyde. At TECNO Mobile India I ran campaigns end to end — concept and creative direction through agency management, production and release — including a six-part series that became the brand's highest-engaging owned social content at roughly 253,000 likes. Strong across PR, social media and brand communications, with the added advantage of producing and quality-controlling creative in-house.

EXPERIENCE

TECNO Business Department — Videographer / Photographer Jan 2025 – Oct 2025
G Mobile Devices Pvt. Ltd. (Transsion Holdings), Noida, India

- Owned campaigns end to end for a national smartphone brand — concept, creative direction, agency management across pre-production, production and post, and final approval on what shipped.
- Created and directed “Heroes”, a six-part portrait campaign across three handsets, published daily on the verified Instagram account (1–6 Aug 2025): approx. 253,000 likes — the brand's highest-engaging owned social content.
- Set social media strategy with the Social Media Head — content calendars, launch sequencing and always-on activity — and used A/B testing and campaign analysis to refine performance.

Totapari — Photographer and Videographer (Internship) Jan 2024 – Jan 2025
Delhi, India

- Ran the social media function single-handed for this jewellery and accessories brand — planning, shooting, editing and publishing.
- Planned content to the commercial calendar (Diwali and wedding-season launches) and built trend-led reels off live cultural moments.
- Led creative direction on the Diwali wedding collection launch — set design, styling and makeup direction — then shot and delivered the campaign.

AAFT — Student Placement Representative May 2024 – Jan 2025
Noida, Uttar Pradesh, India · PR, outreach and student liaison

- **Liaison & leadership** — the named link between the student body and the placement process, representing the cohort and advising individually on applications and next steps.
- **Outreach & relationship building** — connected students with recruiters, maintained those contacts and surfaced job opportunities across the cohort.
- **Advisory & communication** — coached students one to one on portfolios and CVs, translating creative work into the language recruiters respond to.

EDUCATION

University of Strathclyde — MSc Marketing

Jan 2026 – Mar 2027

Glasgow, United Kingdom · Triple-accredited business school

Modules: Strategic Marketing Management | Brand Management and Strategy | Integrated Marketing Communications | Marketing Research in a Digital Age | Consumer Behaviour | Artificial Intelligence in Marketing
